Aiming to provide buyers, homeowners and realtors access to Sonoma County Mortgages (www.sonomacountymortgages.com), leading loan officer Scott Sheldon announces the launch of Live Rate Quotes at sonomacountymortgages.com.

The Live Rate Quote feature allows visitors to select County, Loan Program, Loan type and various other elements of searching for the right loan program. It allows visitors to select several different home financing options for folks doing comparative mortgage shopping in Sonoma County.

The Live Rate Quote feature comes at a time with mortgage rates being near 4.0% for fixed rate home loans.

“The Rate Quote feature gives today’s consumers choices over all the available home loan programs” says Sheldon. The Rate Quote feature was created to help online mortgage shoppers make smart financing decision when it comes to getting a mortgage. “Consumers want easily accessible information at their finger tips and now they have it” says Sheldon. The federal government encourages folks to shop for and compare all loan programs. With interest rates remaining very low, now is great time think of switching to a long term fixed rate to get that loan paid off sooner. There is also opportunity to purchase real estate in almost every pocket of California.

In Sonoma County, CA most loans today being done today are first time home buyers such as FHA Loans and refinance borrowers looking to take advantage of this economic environment” says Sheldon.

A six-year mortgage loan officer, Sheldon specializes in helping folks obtain mortgage financing in the Sonoma County California market (www.sonomacountymortgages.com) as well as throughout California.
